A BRAND-NEW ART CALENDAR 2021*

Every year I put a lot of efforts and thoughts in building my flag carrying product. The wait is over.

Finally launching a new product! and I cannot contain my excitement – yes, the “Art Calendar”!

Wanted to know how? The wooden stand was designed and handcrafted from scratch and this time with a very stable minimal design. Each one these pieces are uniquely hand made from end to end.

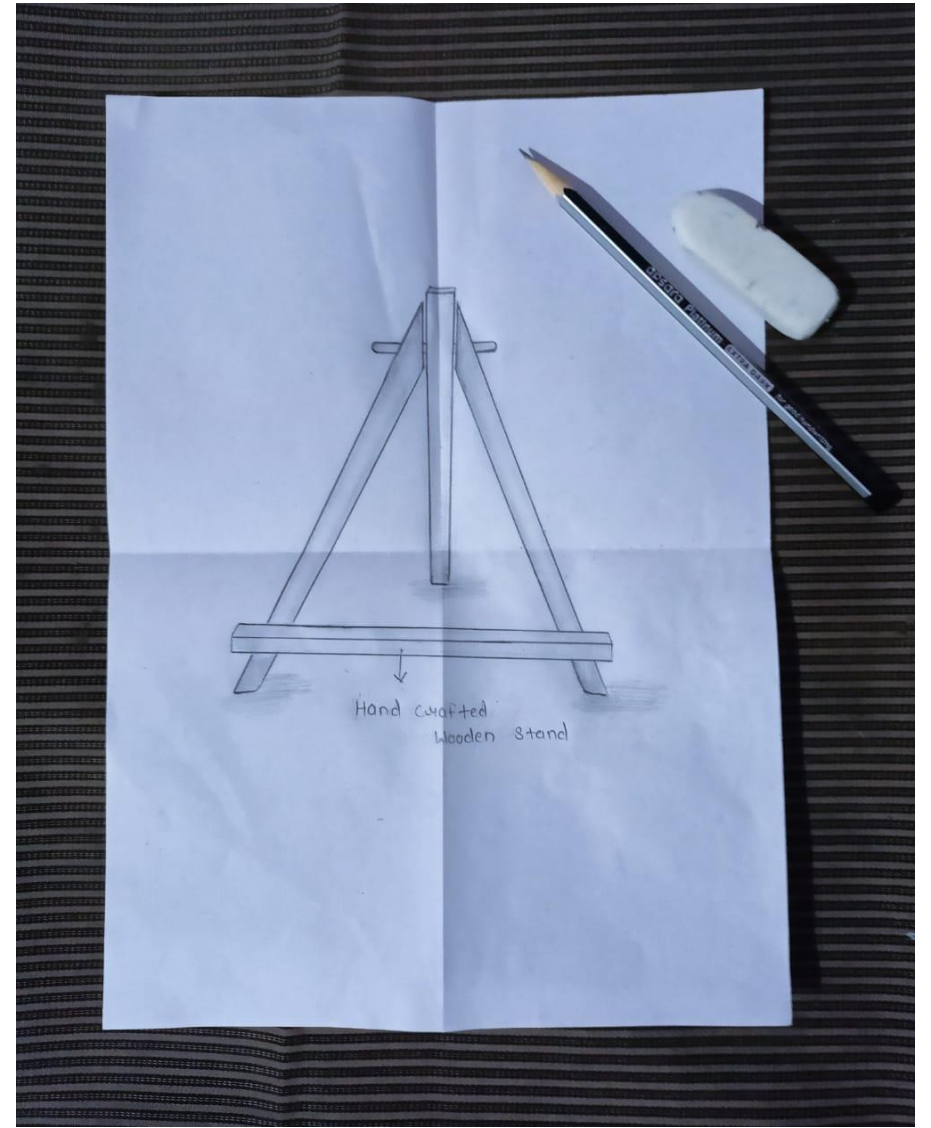

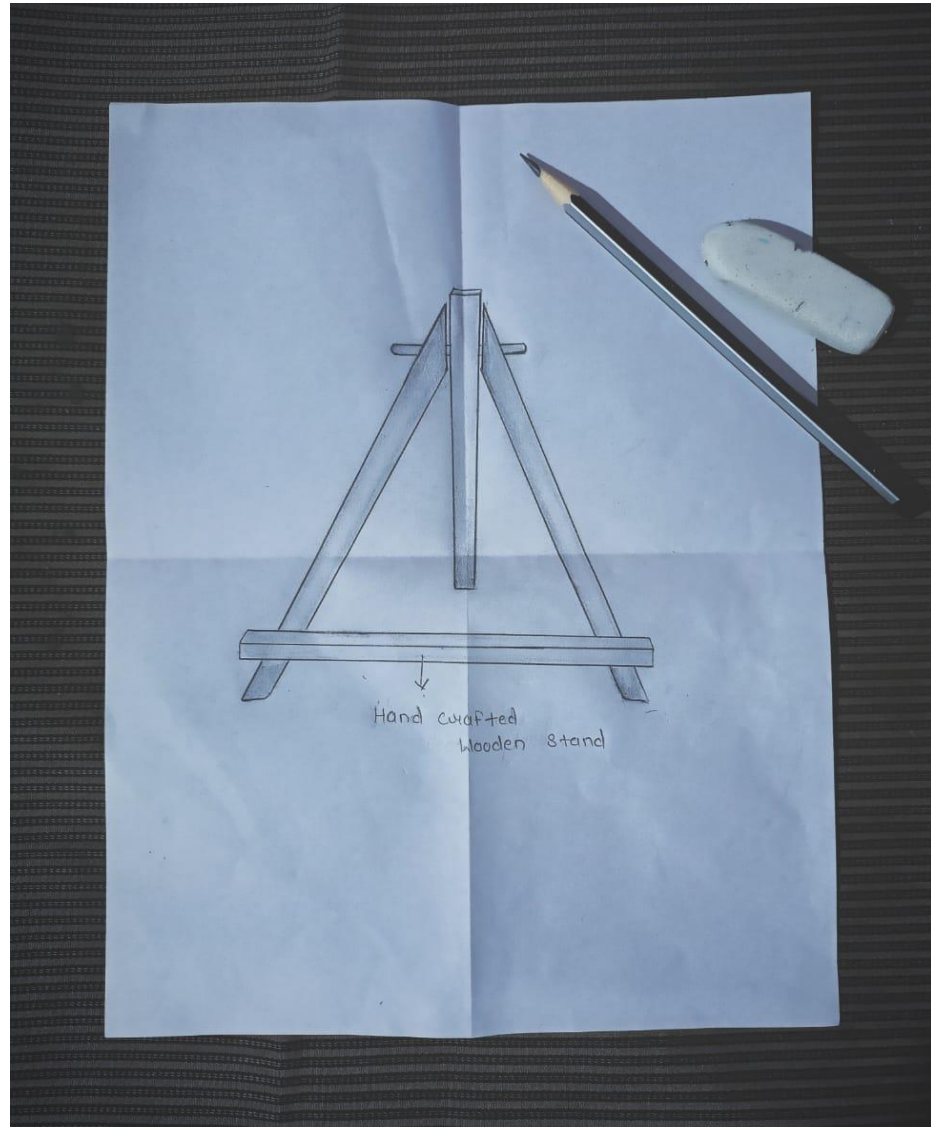

The calendar has 12/14 different prints corresponding to each month in a year, which can be mounted on the small wooden easel.

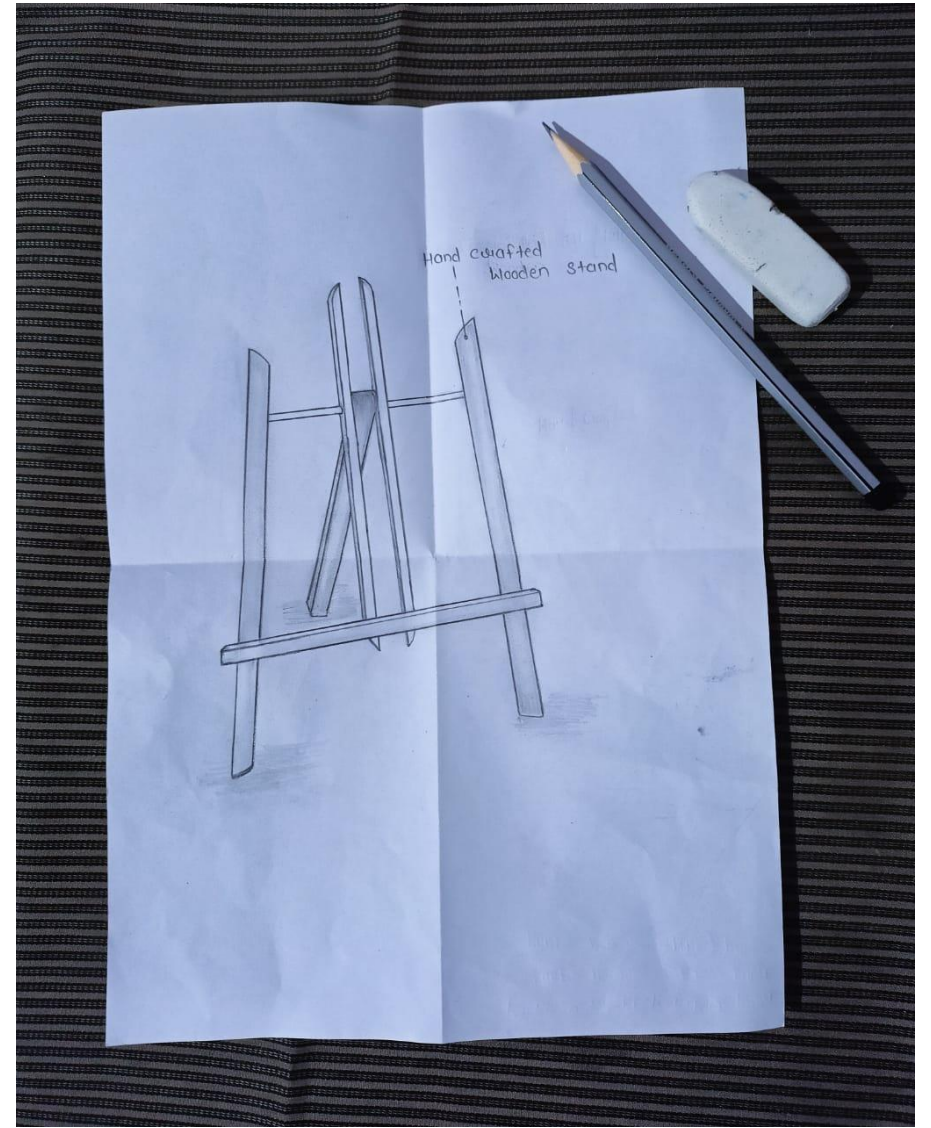

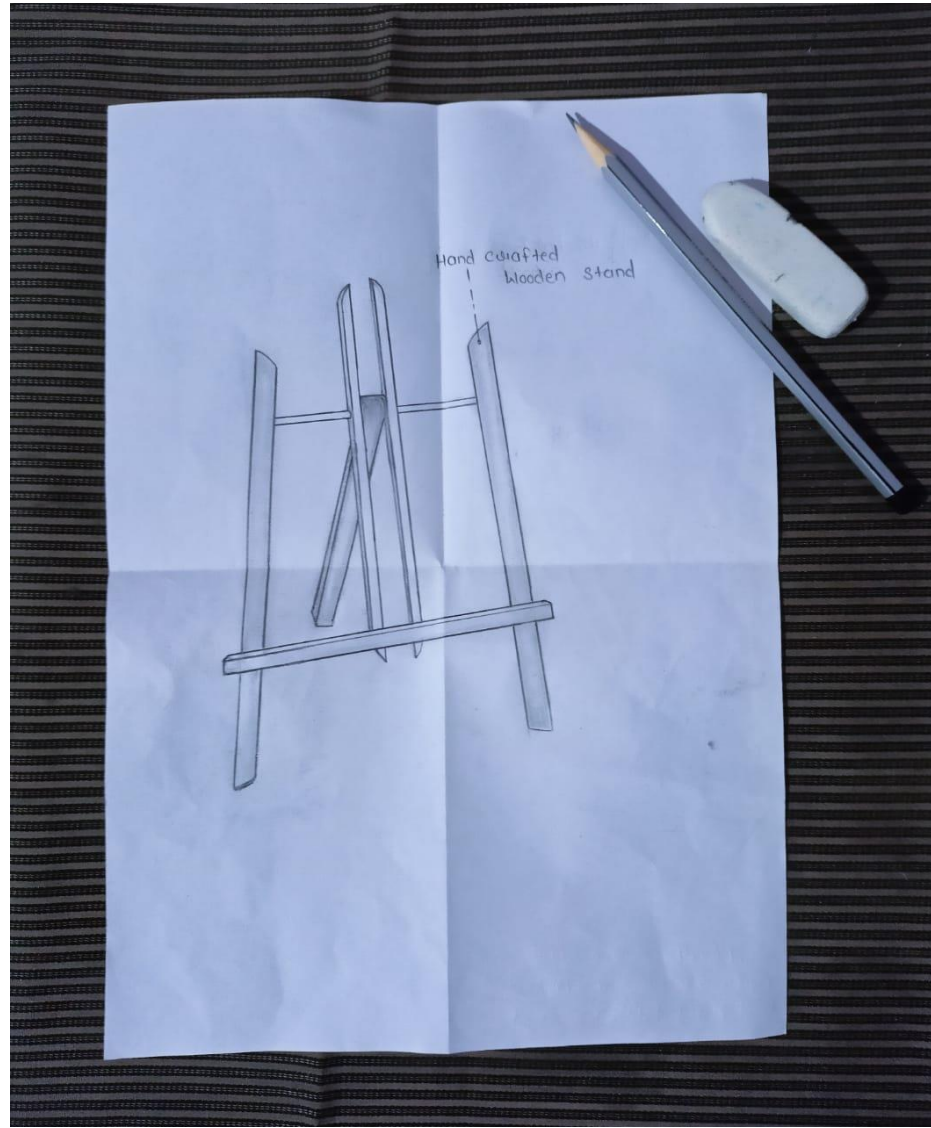

The calendar is enclosed inside a specially designed creative packaging which is made of kraft paper, with screen printed graphics/photographs on it.

Here are some of the making photographs of Art calendar.
